

Remote Support from your own computer whiz, from anywhere in the world.

Is your home computer **STRESSING** you out? Is it running **slow**? Are there crazy **Pop-ups** or do you just wish you could learn to **use it better**?

## YOU NEED A COMPUTER WHIZ KID!

*A tech expert from Whiz Kid Support will use state of the art technology to provide zero-contact remote support for your computer or phone. Our up-front pricing model assures you will know what you are paying for the result you need.*

"Webcam isn't working!  
Upgrade My Antivirus?  
Why do I keep losing connection?  
I wish someone could show me."

"It keeps freezing up!  
Why Can't I Print?  
Email is stuck again.  
Should I have a VPN?"

"Why won't my PC update?  
I'm running out of space!  
How do I backup my stuff?  
I need someone patient"

### **We can provide the following services and more, all for a fixed fee:**

- Set up your new computer and set it up securely
- Remove Virus/Spyware/Popups
- Tune up and secure your PC
- Diagnose problems and give the best advice
- Train/Coach in most programs
- Install strong virus and malware protection
- Service Plans to provide unlimited support throughout the year

## END YOUR TECH STRESS TODAY!

**Call now 774-778-2800**

100% money back guarantee, you have nothing to lose but your technology problems!
